WORK EXPERIENCE

Digital Marketing Manager | BetaTest Solutions

May 2025 – Feb 2026

- Optimized content and site structure for AI answer engines (Google AI Overviews, ChatGPT, Perplexity), securing AI Overview placements for client pages and improving a healthcare client's average keyword position from ~8 to ~4.5.
- Ran SEO end to end, including technical audits, keyword strategy, on-page optimization, and content strategy, doubling organic traffic and cutting bounce rate from ~54% to 30%.
- Owned end-to-end paid media strategy for B2B SaaS, tech, and service clients: managed ~₹5L/month (~\$6K) in ad spend across Meta and Google Ads, led the weekly client call for a US-based account, and built Google Search, Performance Max, and Meta campaigns from scratch. On a healthcare client, drove ~₹3K CAC with 60 to 80% of revenue from repeat customers on a 2 to 4 month repurchase cycle, turning ~₹1.65L monthly spend into ~₹2.95L in tracked revenue.
- Combined remarketing, email/WhatsApp re-engagement, and landing page/ad copy direction into a full-funnel approach that increased CTR and conversions across paid and organic channels.
- Built AI-assisted workflows (Claude, Gemini, ChatGPT) for ad copy A/B testing, performance reporting, and SEO content briefs, adopted team-wide; restructured reporting workflows and guided SEO specialists and content interns.

Process Specialist (Digital Content) | Infosys BPM

September 2023 – October 2024

- Contributed to paid campaigns for consumer-electronics categories as part of a team managing ~£45K/month (~₹48L, ~\$57K) in ad spend, primarily on Meta. Worked across product categories and audience segments: keyword and audience selection, ad and product-copy alignment, creative review, budget monitoring, search-term analysis, performance reporting.
- Bridged paid media and content, sharpening product titles, benefit-led messaging, and promotional copy so campaign traffic converted on accurate, persuasive product pages, aligned with the SEO team's broader keyword strategy.
- Worked US shift hours in constant coordination with the UK client team on campaign priorities and content direction.
- Built approved AI-assisted workflows for content analysis, attribute extraction, and copy refinement, cutting repetitive work while holding brand and accuracy standards.
- Reviewed high-volume content across SSDs, GPUs, gaming consoles, and PC components; awarded Infosys Team Extra Miler Award.

Senior Content Strategist | CoolBoots Media Pvt. Ltd.

December 2019 – May 2023

- Managed paid acquisition for in-house gaming, trivia, sports-prediction, and engagement-led mobile products across Meta (all platforms and placements, for traffic and engagement) and Google Ads, running lean, efficient budgets that delivered CPC as low as ₹2–15 and CTR averaging 4–5%, well above typical benchmarks.
- Developed campaign concepts, ad copy, and creative hooks across sports, entertainment, tech, and general knowledge, using engagement signals to spot stronger themes for acquisition and retention.
- Adjusted budgets and targeting in Ads Manager under senior manager's direction, and managed and resolved on-page SEO issues alongside content decisions.
- Ran fast-paced creative workflows across cross-functional teams, enabling frequent testing without sacrificing brand consistency.

Digital Content Strategist | Psychenation.store

December 2018 – November 2019

- Owned content and digital marketing end-to-end for a growing eCommerce apparel startup, including website copy, product descriptions, blogs, email, and customer communications, reporting directly to the founders.
- Planned, launched, and managed Facebook/Instagram ad campaigns solo on a ~₹30K/month budget, delivering 4× ROAS and driving a 5× increase in overall sales in four months. Briefed and managed freelance designers as needed for creative production.
- Took website traffic from zero to ~4,000 monthly visits in six months through keyword-led content, on-page SEO, and consistent blog publishing.
- Ran festive marketing pushes across website, email, social, and paid channels, lifting campaign-period sales by 25%.

Research & Strategy Associate | IXXO (previously Rockchain.org)

August 2017 – November 2018

- Reported directly to the CEO, conducting market research and developing business cases on blockchain technologies and emerging digital solutions for investors and strategic stakeholders.
- Developed investor presentations and translated complex technical concepts into clear, business-focused narratives while supporting website SEO and digital visibility initiatives.
- Researched and published blockchain articles on Medium, with one article featured by the Good Audience publication.
